

While Editing LLP Form 3 under V3, facing the below-mentioned issues under points 19(a) and 19(b)- Details of Designated Partners, etc.

- 1) Details of Existing Designated Partners are not getting prefilled
- 2) There is a single default row to edit or fill, whereas there are two existing partners
- 3) Upon adding a row to fill in the details of the second existing partner, the number of partners appointed in 19(b)(ii) gets changed and affects the total number of partners i.e. 19(b)(iv)
